Lab Activity 8

toString() Method

Getters and Setters

toString() method; Getters and Setters

- Download the **Rectangle.java** file and

- Add to this file by writing an appropriate
  - (1)   **toString()** method, and
  - (2)   **getters** and **setters** (for *each* of the fields).

Work with your cohort; but EVERYONE must submit `Rectangle.java` on Collab.

Don't forget to save your work before you submit.

Submit only **.java** files (<u>NOT</u> .class, .jar, .docx, …)!
